ABOUT US

PPAC is a world class venue located in the heart of Providence's arts and entertainment district; it is the second largest theatre of its kind in the country.

POSITION OVERVIEW

The Education Department of Providence Performing Arts Center is seeking dynamic individuals with a background in musical theater/theatre/dance/music to serve as part time teaching artists in their Disney Musicals in Schools program. Reporting to the Director of Education, the Teaching Artists will serve as directors, choreographers, stage managers and music directors for Disney KIDS musicals in select Providence Public elementary schools.

POSITION SUMMARY

The Providence Performing Arts Center is **seeking innovative and creative part-time teaching artists with an interest and training in Musical Theater to work on our Disney Musicals in Schools program.** Disney Musicals in Schools partners affiliate Teaching Artists with classroom teachers to build a tradition of musical theater performance with the goal of building sustainable theater programs in under-resourced public elementary schools through residency-based professional development for collaborating classroom teachers.

Over the course of a 17-week residency between January and May, a pair of teaching artists will lead each school in the program in learning what is required to produce their very first school musical. Teaching artists will do this through modeling, team-teaching, and coaching schoolteachers in the direction of a Disney KIDS Musical. The musicals will

be performed at each individual school and then excerpts from each show will be presented at a culminating showcase at the Providence Performing Arts Center.

Additionally, there is also opportunity for additional teaching artist work for this program for schools who are interested in our 5-week Intro to Disney Musicals in Schools program that we will launch in the Fall of 2025 and may run in the Spring in addition to our 17-week full residency program.
